

Exclusion of accident cover

If you work for at least eight hours a week at the same employer, you are already insured against the financial consequences of an accident. You can therefore exclude accident insurance from your basic insurance cover (BASIS) in accordance with Art. 8 of the Swiss Health Insurance Act (KVG).

Accident exclusion

- I would like to exclude the accident insurance from my basic insurance (BASIS). I understand that if I withdraw from the accident insurance of my employer, I have to notify ÖKK about this within a month. ÖKK can demand the premium difference for the accident cover if I fail to notify them.

We will exclude accident insurance for you as of the first day of the following month. Please therefore note the signature date stated under «Place and date».
